

White Elephant ideas/rules:

Bring at least one gift. Each gift goes in the common pool. If you have a couple of gifts to bring, that is fine too, in case someone forgets to bring a gift.

Funny gifts are great. They may not be desired swapping material, but a good laugh is always fun. Weird gifts; weird artwork, strange/bold colors and shapes, and gadgets. The swap value may be high for these!

Nice gifts are also great. There's nothing wrong with buying a genuinely nice gift, especially since it has the potential to fuel a lot of competition during the game.

Regifting is acceptable. Did you receive a gift over the holidays that needs another home?

Regift!!

New or used gifts are fine. Just make sure the used gift is in good condition.

Wrap your gift please. However, do not put anyone's name on the wrapper.
